The agency proposal follows:

Summary

In accordance with provisions of N.J.S.A. 43:21-1 et seq., the Unemployment Compensation Law and N.J.S.A. 43:21-25 et seq., the Temporary Disability Benefits Law, which require the Commissioner of Labor and Workforce Development to annually establish and promulgate the maximum unemployment insurance and temporary disability insurance benefit rates, the contribution rate for governmental entities, the alternative earnings and base week amounts, and the taxable wage base, the Commissioner is proposing amendments to N.J.A.C. 12:15-1.2 through 1.6 to establish these rates and amounts for 2006.

The proposed amendment to N.J.A.C. 12:15-1.2 establishes the 2006 maximum weekly benefit rate for benefits under the Unemployment Compensation Law and for State Plan benefits under the Temporary Disability Benefits Law.

The proposed amendment to N.J.A.C. 12:15-1.3 establishes the 2006 taxable wage base for the purpose of contributions under the Unemployment Compensation Law in accordance with N.J.S.A. 43:21-7(b)(3).

The proposed amendment to N.J.A.C. 12:15-1.4 establishes the 2006 contribution rate for governmental entities and instrumentalities that elect to pay contributions under the Unemployment Compensation Law.

The proposed amendment to N.J.A.C. 12:15-1.5 establishes the amount of earnings required in 2006 to establish a base week for an individual's claim for unemployment compensation and State Plan temporary disability benefits.

Finally, the proposed amendment to N.J.A.C. 12:15-1.6 establishes for 2006 the amount of base year earnings required to establish an individual's eligibility for unemployment compensation and State Plan temporary disability benefits in those instances in which the individual has not established 20 base weeks.

Because a 60-day comment period has been provided on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

Social Impact

The proposed amendments will have a positive social impact. Specifically, the proposed amendment to N.J.A.C. 12:15-1.2 will ensure that payments to unemployment and disability insurance recipients entitled to maximum benefits will increase in line with the upward trend of wages in the State's economy, thus preserving the real purchasing power of the benefits.

The proposed amendment to N.J.A.C. 12:15-1.3 will generate increased revenues for the Unemployment Insurance and Temporary Disability Insurance Trust Funds needed to offset the increased level of benefits for these programs, which are statutorily indexed to the upward trend of wages in the State's economy.

The proposed amendment to N.J.A.C. 12:15-1.4 will maintain the contribution rate for governmental entities and instrumentalities that elect to pay contributions under the Unemployment Compensation Law and will have no social impact on the public.

The proposed amendments to N.J.A.C. 12:15-1.5 and 1.6 provide for the base week amount and the amount of earnings to establish eligibility, respectively, to be indexed to increases in the State minimum hourly wage.

Economic Impact

The proposed amendments will have minimal economic impact. Specifically, the proposed amendment to N.J.A.C. 12:15-1.2 will increase the

weekly benefit rates received by individuals eligible for the maximum weekly benefit rate under the Unemployment Compensation Law and under the Temporary Disability Benefits Law beginning January 1, 2006, in compliance with statutory provisions which automatically adjust these benefit rates each year in accordance with changes in the Statewide average weekly wage. The maximum weekly benefit for Unemployment Compensation is computed as 56 and 2/3 percent of the Statewide average weekly wage in the second preceding calendar year. As of January 1, 2006, the maximum weekly benefit will increase from \$503.00 to \$521.00. The 2006 maximum benefit rate represents a 3.6 percent increase over the current benefit rate.

The maximum weekly benefit for State Plan Temporary Disability is computed as 53 percent of the Statewide average weekly wage in the second preceding calendar year. As of January 1, 2006, the maximum weekly benefit will increase from \$470.00 to \$488.00. The 2006 maximum benefit rate represents a 3.8 percent increase over the current benefit rate.

The proposed amendment to N.J.A.C. 12:15-1.3 will increase from \$24,900 to \$25,800 the wages of an individual employee of an employer that are subject to employer contributions under the Unemployment Compensation Law, beginning January 1, 2006. The taxable wage base is computed as 28 times the Statewide average weekly wage in the second preceding calendar year. The taxable wage base represents a 3.6 percent increase over the current wage base.

The proposed amendment to N.J.A.C. 12:15-1.4, which will maintain the contribution rate for governmental entities at 0.4 percent of taxable wages for 2006, will result in no increase in costs to State and local government units that choose this financing option, provided that all other factors that might influence the level of contributions remain the same.

The proposed amendment to N.J.A.C. 12:15-1.5 will increase the amount an individual must earn to establish a base week under the Unemployment Compensation and Temporary Disability Benefits Laws. The amount is computed as 20 times the State minimum hourly wage in effect as of October 1 of the preceding calendar year and will increase from \$103.00 to \$123.00 beginning January 1, 2006, reflecting the increase in the minimum wage, effective October 1, 2005, from \$5.15 per hour to \$6.15 per hour pursuant to P.L. 2005, c. 70.

The proposed amendment to N.J.A.C. 12:15-1.6 will increase the alternative earnings eligibility standard under the Unemployment Compensation and Temporary Disability Benefits Laws in those situations where the individual has not established 20 base weeks in the base year period. The amount is computed as 1,000 times the State minimum hourly wage in effect as of October 1 of the preceding calendar year, and will increase from \$5,200 to \$6,200 for 2006 reflecting the increase in the minimum wage effective October 1, 2005 from \$5.15 per hour to \$6.15 per hour.
