Business Property Guide

January, 2002

Abstract: Businesses in Union County that are considering expansion or moving can find this guide as a beneficial resource. The properties are divided into categories of office, retail, investment and vacant land are listed by municipal, which includes location, some detail pertaining to the category, price and contact.

Comprehensive Economic Development Strategy

July, 2002

Abstract: The CEDS document is a guide to re-examination the county's economic condition and state. This documentation is intended to aid the county in the implementation of planning and proposed efforts to improve living conditions in the community.

Master Plan Element

October, 1998

Abstract: Demographics, Land Use, Infrastructure & Transportation, and Economic Development.

Major Commercial & Public Development Projects

March, 2002

Abstract: The projects listed provide an overview of the largest commercial and public development in progress, proposed, or completed in Union County. Municipalities are each listed alphabetically with an outline encompassing the aspects of the projects type, location, and agencies involved.

Union County Master Plan, Open Space & Recreation Element

October, 1999

Abstract: Open recreation areas are an important resource to residents and the need for maintaining facilities is a continuing process. An approach to continued benefits for the community involves a plan to guide the County with a methodology formulating remediation to existing parks and new recreational facilities. Union County's master plan maintains the initial vision for the parks and provides the ability to meet recreational needs of a changing community.
